- Chief of Finance Club — mentored 50+ students on equity research, stock market analysis, and valuation.

BBA — Aviation Management | 8.05 CGPA — Batch Topper

East Point College, Bengaluru | Aug 2020 – Sep 2023

- Achieved Batch Topper distinction for securing the highest aggregate score in the BBA cohort.
- Elected Class Representative (CR) for all semesters, recognized for academic and peer leadership.

PROFESSIONAL EXPERIENCE

FactSet Information Systems | Nov 2025 – Present

Advisor — Client Solutions (Investment Banking & Asset Management) · Hyderabad, India

- Lead execution of mandates for top-tier Investment Banks (UBS, GS, JPM, MS) by managing FactSet operations and delivering automated valuation workflows, reducing model latency by 30%.
- Engineer complex FQL/FDS frameworks for sophisticated transaction modeling, including financial returns analysis, deal-level analytics, and multi-criteria target screening for senior bankers.
- Mentor, guide, and develop entry-level Analysts and ENOs on valuation methodologies and transaction execution workflows, coordinating work through strategic delegation of responsibility.
- Collaborate with senior coverage bankers to identify sector trends and generate pitch opportunities; liaise with syndicate and sales teams to facilitate transaction marketing.
- Draft high-impact materials for information memorandums, board presentations, and internal review committees, driving process improvements through innovation and automation.

Baron Capitate & Wealth Management | Jan 2025 – Mar 2025

Wealth Management Intern (Investment Banking & Valuation) · Bengaluru, India

- Managed front-end execution across the deal life cycle for multiple mandates, conducting equity research and DCF/LBO valuations with 95%+ precision for senior bankers.
- Developed integrated three-statement financial models and sensitivity analyses using Monte Carlo simulations, improving forecasting accuracy to support capital structure decisions.
- Drafted comprehensive information memorandums, valuation reports, and board-level presentations for Series A funding, incorporating precedent transaction analysis and peer benchmarking.

Air India SATS Services | Jul 2022 – Feb 2023

Customer Service Executive (Operations & Stakeholder Management) · Bengaluru, India

- Led operational process re-engineering via statistical analysis, reducing friction points by 40% and demonstrating results-oriented execution in a fast-paced environment.
- Guided 5+ cross-functional stakeholders to achieve 96% operational throughput, showcasing leadership and coordination while managing time-sensitive projects under pressure.
- Designed data collection frameworks for tracking operational opportunities, delivering process optimization and adhering to strict quality and compliance standards.

CORE COMPETENCIES & TECHNICAL SKILLS

- Financial Analysis & Modeling: DCF, LBO & Merger Modeling, Three-Statement Financial Modeling, Comparable Company & Precedent Transaction Analysis, Credit & Capital Structure Analysis, Financial Returns & Yield Analysis, Sensitivity & Scenario Analysis, Transaction Execution, Pitch Book & Information Memorandum Preparation
